

## WEF funds Flip Video Cameras for Wakefield High School to Life Program

Congratulations to Wakefield High School staff members Sue Cullen and Caitlin Conway! WEF recently delivered a check to their classroom that will provide two Flip Video Cameras for the School to Life Program as part of WEF's 2009 grant program. These cameras will allow students to be videotaped in the classroom, during school related jobs and at job sites while the videos, in turn, will provide concrete feedback and help with self-awareness and skill development. Allowing students to see themselves in action will also aid with behavior management, modeling, job training and overall student progress.
