

## **WEF funds Reading to Raise Awareness Against Violence and Bullying**

WEF awarded Principal Brian Middleton-Cox and the Wakefield Alliance Against Violence (WAAV) with money to purchase books for every elementary school classroom in the four public elementary schools with books that address the issue of bullying. This supports "Stories for a Safer Wakefield" which will be a month-long event during May 2010 to raise Wakefield's awareness on violence and bullying.

***Wakefield Elementary students and members of WAAV are pictured showing books purchased with the grant money.***
