

## Somerville Road Runners continue generous support to WEF!

WEF Board accepts donation from SRR Race Directors

Organizers of the 15th Annual "24 Hour Around the Lake Marathon, Relay and Ultra Marathon" recently presented a portion of the proceeds from the July, 2011 event around Lake Quannapowitt to the Wakefield Educational Foundation (WEF). Somerville Road Runners, the organizers of the run, have been supporting WEF for over 10 years with generous donations from the 24 hour event. Pictured are WEF Directors Janet Elwell and Gayle Wettach, co-president Beth Hendriks, secretary Bernadette Thompson, SRR race directors Noel Clark and James McCrae and co-president Mary Jennings. One of the missions of the SRR is to promote a culture of fitness while working with communities to give something back. They have certainly done this in Wakefield by supporting WEF which in turn supports the educational enrichment of the students in the Wakefield Public Schools. WEF is a non-profit, tax-exempt foundation founded in 1989 by a group of concerned citizens to fund enrichment programs in the Wakefield Public Schools.
